

Waipara Springs

Waipara Springs is a boutique vineyard and winery located in the heart of the Waipara Valley, an area that is often described as one of the unsung heroes of the New Zealand wine industry. Planted in the early 1980's Waipara Springs has some of the oldest vines in the valley, providing the entirely estate grown wines with a depth and intensity that only old vines can produce.

The Premo Range represents Waipara Spring's vision of creating wines with distinct personalities, wines that are a direct translation of their unique terroir. All the grapes are hand picked to ensure that the best fruit is selected, resulting in top quality distinctive wines.

Waipara Springs

Waipara Springs Premo Pinot Noir

Coffee, barnyard and blackcurrant aromas give way to flavours of cherries, dark chocolate and pepper. A full rich mid-palate combined with ripe tannins, vibrant acidity and new oak influence form a robust wine that will reward careful cellaring well into the next decade.
